All manufactured home parks must be constructed according to the standards of the Code. The following conditions are in addition to the rules and standards of the State of Michigan.
 - 1. Manufactured Home Parks shall be constructed, licensed, operated and managed in accordance with the provisions of the Manufactured Home Commission Act, Act 419, P.A. 1976, and subsequently adopted rules and regulations governing manufactured home parks.
 - 2. Manufactured Home Parks shall not be permitted on parcels less than fifteen (15) acres in size.

3. Individual manufactured home sites within a Manufactured Home Park shall have a minimum lot size of five thousand five hundred (5,500) square feet per manufactured home being served.
 - a. This five thousand five hundred (5,500) square foot minimum may be reduced by twenty percent (20%) provided that the individual site shall be equal to at least four thousand four hundred (4,400) square feet.

7. The Michigan Residential Code established the requirement for a building permit for any enlargement of a structure and exempts only those detached accessory structures less than two hundred (200) square feet from permits, regardless of whether the sides are open or not.
